

Circular 12 Environmental Levy Scheme on Plastic Shopping Bags, Producer Responsibility Scheme for Glass Beverage Containers & Green Tips for Exhibitors

Environment Levy Scheme on Plastic Shopping Bags

Introduced under the Product Eco-responsibility Ordinance (Cap. 603) ("PERO"), the Environmental Levy Scheme on Plastic Shopping Bags seeks to address the problem of excessive plastic shopping bag use. The Product Eco-responsibility Ordinance imposes duty on seller to charge for plastic shopping bags in retail sale of certain goods to a customer. A seller must charge the customer an amount not less than 1 dollar for each plastic shopping bag or each pre-packaged pack of 10 or more plastic shopping bags, unless exempted under the Ordinance. Exemptions apply to plastic shopping bags carrying only certain items, such as food that are unpackaged or are not wholly contained in packaging or "takeaway" food contained in a non-air tight packaging and ready for immediate consumption by the customer. Plastic shopping bags containing only food or drink that are frozen, chilled or already wholly contained in packaging are no longer exempted from levying. Any person who fails to comply commits an offence and will be liable to a fine at HK\$100,000 on the first occasion and to a fine at \$200,000 on each subsequent occasion.

Producer Responsibility Scheme for Glass Beverage Containers

Under the Product Eco-responsibility Ordinance (Cap. 603), starting from 1 February 2023, manufacturers and importers of glass-bottle beverages shall apply to the Environmental Protection Department to register as suppliers of such articles. From 1 May 2023 onwards, those manufacturers and/or importers who fail to register as suppliers are prohibited from distributing such articles. Registered suppliers are subject to certain reporting and record-keeping requirements on the distribution and consumption of glass-bottle beverages, and are required to pay container recycling levy currently set at \$0.98 per litre volume of glass containers.

Any manufacturers or importers who distribute glass-bottle beverages without registering as a supplier may be fined up to HK\$100,000. Any persons who fail to comply with the reporting or record-keeping requirements and/or to pay the recycling levy may be fined up to HK\$100,000 on first offence and up to HK\$200,000 on subsequent offence(s). Failure to pay the recycling levy may also attract up to a 10% surcharge on the levy.

From 1 May 2023, any persons who dispose, import and/or export glass container waste are also required to obtain a relevant licence and/or permit under the Waste Disposal Ordinance (Cap. 354).
